

2020 HENDELBERG

Hallgartener Hendelberg Riesling trocken

VDP. ERSTE LAGE®

PETER JAKOB KÜHN

Origin

- With a slope of about 40% in south-south-west exposure and colorful
- and colorful shimmering phyllite slate, this site is a special solitaire in the middle Rheingau.
- The vineyards reach up to 300 m NHN.
- The high angle of inclination favors the effect of the sun in spring and autumn, and reduces the intensity of radiation in midsummer. This gives the vines a unique growth dynamic.
- The particular development of ripeness promotes the formation of delicate and intense aromas in the grapes.

Vinification

- 100% selective, careful hand harvesting
- gentle whole cluster pressing over several hours
- spontaneous fermentation with natural yeasts
- the natural composition of the musts is not altered
- 16 months on the full lees in traditional "double piece barrels" (2,440 l).

Analysis

Alcohol 12,5 % vol. | Residual Sugar 5,5 gr./l | Acidity 8,3 gr./l
